QINGDAO QIANFENG CAPART INT'L CORP.

Beiguan Industrial Center, Jiaozhou,
Qingdao 266300, China

Company Profile

Established in August 1996, Qingdao Qianfeng CapArt International Corporation is located at No.37 Shandong Road, Beijuan Industrial Park, Jiaozhou City, Qingdao, and covers an area of nearly 1 million square feet, with registered capital of 19 million USD. The main products are a series of sports hats, fashion headwear, bucket hats, functional hats, knit headwear, etc., with an annual production capacity of 24 million caps. Its products are exported to more than 50 countries including the US, Europe, Australia, and Japan. Our research and development department consists of more than 60 people. We now hold 24 patents. Our global brand partner portfolio consists of New Era, COSTCO, Disney, Target, Mitchell & Ness, Fanatics, H&M, Walmart, GIII, Amazon, Marvel, Outerstuff and many others.

For many years, Qingdao Qianfeng has been exploring the application of advance manufacturing technologies in the headwear industry, specifically expanding in management and operations, digital manufacturing, new equipment research and development and robotics. Since the country proposed a series of intelligent manufacturing policies, Qingdao Qianfeng has more clearly realized that it is necessary to realize modularization, information and automation of manufacturing processes by integrating various management information systems, integrating field data resources, introduction of advanced manufacturing equipment and manufacturing technologies. The company should respond to the personalized orders of diverse varieties and small batches, then promote the transformation of enterprises to cluster collaborative manufacturing with intelligent manufacturing methods.

Qingdao Qianfeng, through its development of automated production, digital production and customized production, according to top level design planning of intelligent manufacturing, utilization of equipment, intelligent production, intelligent logistics, and information connectivity and other aspects of in-depth practices, support enterprise innovations and transformation.

Qingdao Qianfeng continues to support our global client partners with exceptionally competitive cost, best quality, and best service. We're looking forward to working with you!
